

**Check out eBooks
24/7 from the
PCHS Media Center!**

You can access the PCHS EBSCO eBooks from the EBSCOHOST app (it's free!). Scan one of the QR codes to the right to download the app onto your device (or search your app store for EBSCOHOST).

For an iOS device:

For an Android device:

The PCHS Library offers a wide variety of eBooks (fiction and non-fiction) through the online database subscription EBSCO. You can access these titles through the Destiny library catalog program online, either at school or from any device that has an Internet connection.

From school, log into the Destiny catalog on the school network – search for books; when you find an EBSCO eBook you want, click on the title. Scroll through the record until you find the URL that points to the EBSCO book – click on the link and the eBook will open up.

You can access the EBSCO eBooks from off campus on any device that has internet access. Go to the following URL, click Port Charlotte High School which will take you to the Destiny card catalog. Log in with your username (8 digit student ID #) and password (lastname, firstinitial; ex. monckd). Search, scroll, and click the eBook link as outlined above.

<https://destiny.yourcharlotteschools.net>

You can also access these resources from your tablet or phone through the EBSCOHOST app. You must do the following initial set up steps before you use the app for the first time:

- After you download the app, use your browser to access EBSCO e-Books as you would on a computer through the Media Center's website.
- Once you have logged in to the EBSCO website, click on the iPhone and Android Apps link at the very bottom of the page. This will open a window asking for your email address. EBSCO will send you an email with the "key" to the app.
- Clicking the link in the email will authenticate the app for you.
- All of this only needs to be done ONCE!

If you have any questions, or need assistance, see Mrs. Monck in the Media Center.
